Revised March 11, 2013

Important Testing Information

- All areas of building must be kept quiet during testing.
- Student must not leave the room during testing for any reason. They should use bathrooms prior to testing.
- Students must sit quietly and review work when finished. No materials other than testing materials are allowed on a student's desk at any time during a testing.
- All testing will begin at 9:30am.
- Students with accommodations will not be permitted back into their classrooms until all testing is complete for that day.
- Proctors are responsible for picking up and returning testing materials to the principal's office immediately before and after testing.
- Testing materials are secure documents and must be monitored at all times.
- If there is a delayed opening or school is canceled the schedule of test administration will continue in the same sequence, moving all testing up one day.
